Four person team
Two minute time limit
$200 per team

No tying on of ropes

Each team will break into pairs and start behind a time line. Two steers will be turned out at the opposite end of the arena. Time will start when the first team member crosses the time line. Each team pair MUST head and heel the two steers. You can only rope with your designated partner. (You cannot help your other team mates rope their steer). You are allowed to help take down and tie the steer once the other team pair has roped both ends. Once steer is headed and heeled any three legs must be tied. Once both steers have been tied they must stay tied for six seconds. Ropes must be off in order to call for time. If either steer or both steers untie in the six seconds the team will be given a no time.

Each team member will sign a waiver form.
Payout will be determined by number of entries.
Cattle charge withheld from payout.
